He informed them that the last EDA lot in the Industrial Park had been sold to Waste Management. The plan to purchase the 100 acres adjacent to the Industrial Park is no longer in effect because the owner decided not to sell the property to the EDA.

The EDA is currently working with a developer in Texas to bring a large clean-industry state-of-the-art manufacturing business to Freeport. This project would bring 200 jobs to Freeport and be located on a couple of hundred acres east on Highway 20; the developer is currently in touch with a realtor.

Mr. Imfeld reminded the Council that Mayor Barley is on the Board of the EDA. He invited them to bring any suggestions for Industry they would like to see in the area to either Mayor Barley or himself.

Mayor Barley opened the floor for questions from the Council and then from the public; there were none. The Council thanked Mr. Imfeld for the update.

The I.T. changes are happening. The transfer is going smoothly with the two companies working together, mostly on weekends. Toward the end of next week it should be complete.

The Carr property annexation should be back on the agenda for the next Council meeting. Manager Simmons said he has been out trying to talk to the owners of the additional parcels that we would like to bring in to do the entire annexation north to south; there are 4 parcels on the south side of CR 3280 that would need to be included to bring in the remainder of the Carr property on the north side of 3280.

Kelly Layman, a member of the public, addressed the Council. She asked several questions to determine if any changes to Capacity Fees and Rates brought about by the Rate Study would be retroactive; the Council members and City Attorney

informed her that any change in Capacity Fees would be effective on the date adopted, not retroactively.

1. LSA Property Rights Element

Planning Director Latilda Hughes-Neel addressed the Council members. She introduced the Property Rights Element and explained that it is an addition to the Comprehensive Plan that is a legislative mandate.

Attorney Clay Adkinson informed the members that this version includes language that other jurisdictions have chosen which is in addition to the minimum required language. The additional language is protective toward the City. He added that he would not be surprised if the DEO kicks it back, but if they do they will give the City some suggested language to substitute.

Director Hughes-Neel said that she is seeking approval to hold the 1st reading, submit it to the DEO, and then advertise for the 2nd Reading and adoption. Until such time as the Council adopts a Property Rights Element, no other amendments to the Comprehensive Plan may be adopted. The Council members asked if it would hold up the LSA for the Carr annexation if the DEO kicks it back; Director Hughes-Neel stated that as long as it has been forwarded to the DEO and is in process other amendments may move forward as usual.

The Council members stated they would prefer to put all three steps in one motion. After the motion was carried, Director Hughes-Neel performed the 1st Reading of the LSA Property Rights Element.

a. Mayor Russ Barley

1. Liberty Partners Contract Renewal

Mayor Barley informed the Council members that it is time for the annual contract renewal with Liberty Partners. City Manager Charlie Simmons said that the first year had been rough, and he really had not been very happy with it. This past year was much better though; they had all worked well together and accomplished a lot for the city. He invited Tim from the Liberty Partners to speak to the Council.

Tim agreed that 2020 was a rough year and said the budget had been cut and everything they had put in had been vetoed. This past year was much better though. When the budget went before the Governor they had almost 2 million dollars in it for Freeport, for the US Hwy 331 Sewer project, the S. Jackson St. improvements, and the new community center. Unfortunately the governor vetoed the community center along with several other community centers across the state.

Since then they have worked on a couple of grants, one for the community center and a Wastewater grant with DEP. They work closely with City Manager Simmons and their president Jennifer Grant would like to set up a bimonthly phone call to coordinate everything. There are several new opportunities coming up; the Job Growth Grant fund is looking to "push money out", and they are working on the Triumph grant for Walton County.

Interim Committee week begins September 20, 2021. Legislative session begins early this year; it will be back January 11, 2022. If any of the Council members

would like to come to Tallahassee and speak with the legislative members he would be happy to try to arrange it.

Liberty Partners is very excited to work with the City. Mayor Barley thanked Tim and asked for questions; there were none.

Moved by: Councilman Farris

Seconded by: Councilwoman Brannon

To approve Mayor Russ Barley to sign the contract with the Liberty Partners for another year.

2. Christmas Decorations

Mayor Barley has been working on the Christmas decorations for the City; the Council had wanted some new ones throughout the city and he has many coming that he thinks they will be pleased with. There is one thing that he is a little hesitant about though, so he wanted to bring it before the Council members.

Mayor Barley had a company come out and give him an estimate for lighting the large oak tree in front of City Hall. The quote is for \$855 for one year. They will install the lights in October and will remove them in January. He is just a little hesitant because it is only for one year, not for decorations that can be used year after year.

Councilwoman Haffner said that she is all for it; the community loves the decorations the city installs and this would give people a place to come out and take pictures. Councilman Farris agrees.

Parks & Recreation Director Travis Digges said it takes the city employees a week to put up the decorations we already have, not counting the new ones that have been ordered.

Councilman Farris pointed out that another benefit of hiring a company to do the install is that if one of the lights goes out, they will come and fix it. Councilwoman Brannon agreed, saying she thinks it is a good idea as well.

Mayor Barley told the council members he has the money in the budget. He requested approval from the council.

Moved by: Councilman Farris

Seconded by: Councilwoman Haffner

To approve Mayor Russ Barley to hire a company to light the large oak tree in front of City Hall at a cost of \$855.00.

A roll call vote was ordered and the vote was as follows:

3. City of the Year

Mayor Barley said that Freeport is being awarded the City of the Year because of the Veteran's Memorial Park. He will be going to Springfield, MO on September 16th and 17th to accept the award on behalf of the City. He will be flying.

4. Bayfest

Mayor Barley told the Council members that the Bayfest committee had been meeting and there were a few additions he wanted to bring to their attention. The flyers are almost ready to go out, and all of the entertainment is in place. The main attraction will be a band called The Springs; they are out of Nashville. There will also be cornhole, a Mullet toss, a cookoff, and horseshoes. Also, this year for the first time there will be a Miss Bayfest competition on October 9, 2021.

Re: Water and Wastewater Capacity Fees

Another development has paid their capacity fees as required by Ordinance #2019-03. This development Just like the previous developments, the actual taps will not be made until requested, and this request will probably not occur this year. Given this ordinance provides for 100% of the water capacity fees to be placed into water's primary operating account and 25% of the wastewater capacity fees to be placed into its primary operating account, staff is respectfully requesting council approval to place these fees into each of these funds' respective capacity fee accounts (\$84,239.54 water & \$133,479.5 sewer). This will help ensure the funds are available once these developers start requesting water and wastewater services and at that time, staff will request council approval to transfer these funds back to their respective primary operating accounts.

Please note, this development was provided a credit of \$64,500 toward their water capacity fees for water repairs they made in their first development phase. While the city only received \$19,739.54 in water capacity fees based on this credit, staff is requesting the full capacity fee of \$84,239.54 to be placed in the water capacity fee account.

Re: Check Signer

Staff is respectfully requesting the Council to approve adding the City Manager as a check signer on the city's bank accounts. Under current procedures, two signatures have to be on each check and without a full-time city clerk there are only two positions authorized to sign checks. If something were to happen to one of the signers, then the city could encounter problems and would require an emergency Council meeting to address the problem.

RE: Re-Rate of the Freeport Wastewater Treatment Facility (WWTF) Capacity
Professional Services Proposal

Dear Mr. Simmons,

As requested, Dewberry Engineers Inc. (DEI) is pleased to provide this proposal for professional services to evaluate increasing the capacity of the existing WWTF currently under construction. As you know, Phase I of the 1.5 MGD expansion project includes constructing RIBs 1 – 3 and Reject Pond, the Headworks, Flow Equalization Basins, Dewatering Facility, Plant Drain System, and Electrical. RIBs 1 – 3 will have a capacity of 0.7 MGD and the Reject Pond a capacity of 1,100,000 gallons.

With these Phase I facilities in place, we believe the existing plant may be able to be re-rated for a capacity higher than the current capacity of 0.47 MGD (Part IV) and 0.6 MGD (Part III) reuse. Therefore, we propose to perform the evaluation of system components, present our findings in a report, and, if feasible, permit the modifications through FDEP for a lump sum of **\$35,000**.

Should you have questions or need additional information, please give me a call at 850.571.1210 or by email at pajones@dewberry.com.
